

We do blinds, all kinds.

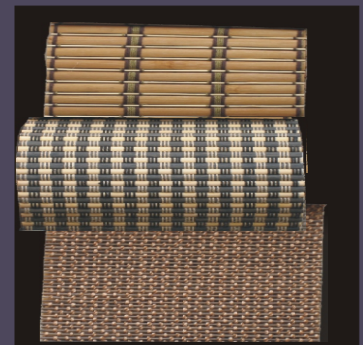

Wooden blinds are the ultimate in home decor. Quality materials used accentuates your large windows and glass doors to stately appearance. They compliment your tastes in home or office furnishing. Believe it or not, you don't have to invest in a princely sum for this royal elegance!

wood

How about these choice designs in materials, so natural and ethnic that you will love your rooms with this view! Great appearance both indoor and outdoors. Good as night screens too, with texturised patterns that show off against back light!

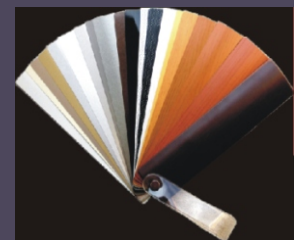

Bamboo, Reeds, Jute, Grass, etc..

Then we have this very practical Aluminium Venetians. Good for any window, glass partition or glass door.

Choice of colours and 25mm or 50mm slats to choose from (they come in plain colours, wood veneer and perforated types)

Easy controls help you poise these blinds to your advantage. If it comes to professionalism, you can say we made this blind statement!

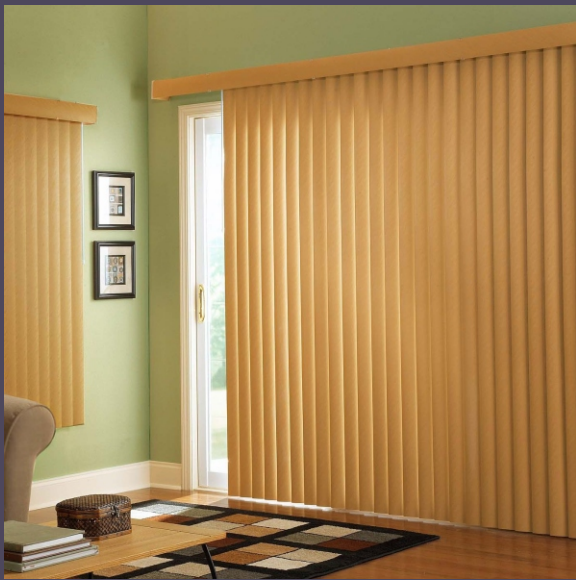

Aluminium

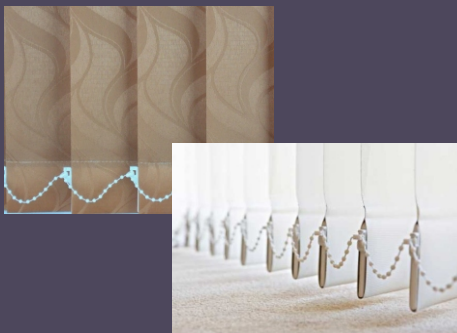

Manufactured to specifications

**Our aluminium slats are 0.21mm thick (and not 0.18mm, the ones you find ready made in stores)
Thicker slats don't bend easily and last much longer!**

Fabric vertical blinds provide a decorative and effective method to control light while still maintaining a perfect view. Fabric vertical blinds are the most common types of blinds in offices. However, they are growing in popularity at homes also because of the sleek look they add to contemporary styled homes.

Vertical window blinds are popular for all types of rooms. Fully closed slats offer increased privacy and protection from strong sunlight. The vertical slats allow blinds to cover large windows and sliding doors, parting left, right or splitting evenly to either side. When vertical slats are tilted they allow light to enter, they can open up the view and at the same time offer a degree of privacy.

Choose from our wide range of fabrics with different designs and patterns, from translucent to sun blockers.
